 - ENGOs
 - Youth

Support

- PATHWAY SECRETARIAT
- SCREENING TASK TEAM

Collaborators

- FUNDERS GROUP
- NON-GOVERNMENT ORGANIZATIONS (ENGOs)

- See full list of members at kbacanada.org

*Québec is not tied to the Pathway Initiative. Québec has taken note of the efforts related to Canada's National Biodiversity Strategy and Action Plan but develops its own instruments to implement the UN Convention on Biological Diversity and to contribute to the achievement of the Kunming-Montreal Global Biodiversity Targets. Québec sets its own conservation priorities and timelines on its territory and collaborates with the federal government and the provinces and territories when deemed necessary. Québec does not participate in the Pathway initiative, but it contributes to the pan-Canadian effort by achieving an identical target for the creation of protected areas on its territory and its inland water by 2030.
